....We don't just sell, we offer solutions!

# **COMPANY PROFILE**

**ENGINEERING SUPPLIES LTD** Is a Kenyan company which was established in 1977. Today, almost 40 years later ESL has grown into a sustainable company that specializes in the sales and service of construction equipment, power generation, pumping equipment and workshop equipment.

In a growing economy like Kenya, the real estate and construction sectors continue to be key drivers of economic growth. With this in mind we have taken upon ourselves to provide the need based solutions for these sectors.

ESL lays great emphasis on its relationship with clients, private or commercial, and prides itself on the ability to respond to your contracting requirement in an efficient and cost effective way.

ESL Mombasa- the Head Office is situated along Jomo Kenyatta Avenue in Mombasa. Our workshops are fully equipped with latest equipment to give fast & efficient services to the customers whilst ensuring a constant stock of spare parts for all the products.

ESL Nairobi- is strategically positioned in the Kenyan heartland at the capital city of Nairobi along Dunga close, Industrial area. From here we are able to serve the growing market of the greater Nairobi region, thriving counties namely Central, Rift Valley, Western, Eastern and Nyanza counties.

## **MISSION STATEMENT**

To provide relevant, affordable and the most up-to-date internationally certified materials, machinery and equipment for small, medium and large sized enterprises, industrial and agricultural sectors.

## **OUR VISION**

To be a one-stop shop for these crucial sectors of a growing economy and to provide viable solutions to their needs centered on these two key points: -

- ❖ Quality products.
- ❖ Quality after-sales services.

Principle areas of activity include importation of quality equipment with the highest standard of technical support and a particular strength in the concentration on selecting suppliers who are accredited with international certification.

ESL is led by a team of networked experts with industry- gained experience to ensure that we are consistently meeting the needs of our customers. Whilst also developing lasting partnership through service and support, and utilizing the latest technology

We thrive in nation building and creation of opportunities on merit. We have employed **over 100 qualified and skilled personnel**. To ensure equitable and thorough services to our clientele.

#### **MAIN SUPPLIERS AND PRODUCTS:**

ESL has collaborated with renowned world manufacturers:

**KPT INTERNATIONAL** of India, provides the Powermaster Professional range of contemporary power tools. These tools manufactured by KPT has assimilated the European and Japanese technologies, which are the backbone of the tools. Behind each tool manufactured by KPT, user's safety is a prime motive and they are backed by ISO 9002 and CSA certification.

**LAUNTOP:** They are ISO-9001/CE approved manufacturers of top quality air cooled diesel engines (Yanmar type) and petrol engine (Honda type) in China. They are manufacturers of a large range of petrol and diesel engine driven ***generators, Concrete Vibrators and Compactors, pressure washers and water pumps.***

**AGG** is internationally certified for ISO 9001: 2008, EMS 14001 & OHSAS 18001. The company devotes itself to design and manufacture diesel generator sets ranging from 15 kVA- 3000 kVA with **Perkins & Cummins Engines** coupled to **Stamford Alternators**. It is equipped to manufacture international standards and provides an attractive manufacturing solution to internationally acclaimed brands in terms of minimizing costs and maximizing profits.

**SPARTAN Generators, Pumps & Welding Equipment:** user friendly and economically viable Equipment customized to meet the users' expectations ensuring profitable returns. They are fully backed with quality spare parts and consumables.

**MENEGOTTI** from Brazil - part of our concrete solution is carefully sourced from Brazil. They have a wealth of manufacturing the most up-to-date and pocket friendly concrete mixers of various sizes.

**DYNAMIC Ltd**, construction equipment: is specific to the need of business with huge investments in its infrastructure. It has a vast range of products i.e. Plate compactors, Power trowels, Concrete Cutters, Rammer and Poker vibrators.

**ADOR LTD** of India is a pioneer leader in welding with seven manufacturing plants for the production of welding consumables, power sources, welding automation systems and cutting products. All the manufacturing units and the Central Marketing Offices are ISO 9002 series certified for quality standards.

**Other products marketed by Engineering Supplies Ltd include:** Woodworking machines, Bareshaft Alternators, Shaft couplings, Battery Chargers, Air compressors, Talon lawnmowers and other workshop and agricultural equipment.

## **SERVICES:**

### **Water Systems and Installations**

- ❖ Installation of borehole submersible pumps.
- ❖ Installation of generators and switchgear

### **After-Sale Services**

- ❖ Repair and maintenance of generators
- ❖ Repair and maintenance of water pumps - surface, submersible, drainage, servicing pumps etc
- ❖ Service of power-tools, welding machines and construction equipment.

We boast of an impressive clientele who have purchased from us and we have maintained a good business relationship as well as offering back-up in repair and spares services among other names such as:-
